WHS 97-08

TO: County Agricultural Commissioners

SUBJECT: OFFICE OF ADMINISTRATIVE LAW (OAL) APPROVES
CORRECTION OF REENTRY INTERVALS

OAL has approved and forwarded to the Secretary of State, regulatory changes that correct an error in the diazinon line and clarify the parathion-methyl line of the reentry chart in section 6772. These changes became effective on October 2, 1997. A copy of the changes is attached.

This action was taken under provision of "Rule 100," which provides for simplified procedures when there is no regulatory impact from the change. The unintended situations that were the subject of this action occurred during the adoption of the Worker Protection Standards implementation regulations in December 1996.

If you have any questions, please contact your Liaison Senior, or you may contact Roy Rutz by E-mail, at rrutz@cdpr.ca.gov, or by telephone, at (916) 445-4279.
